

Project Engineer

PE Services is growing, and we are looking for qualified candidates who are ready to join our team! PE Services has provided civil engineering design and oversight in construction for over 25 years.

Throughout this time, PE Services has redefined several innovative methods of testing, verification, and documentation which have enabled our trusted partnerships to remain strong and continue to grow. We understand the need for speed of service as well as the need for availability, and we are excited for the right people to join our growing team!

Responsibilities:

- Lead and assist construction staff on large complex infrastructure projects.
- Perform construction administration, observation, and material testing.
- Perform daily observation/diary of construction progress in accordance with project specifications.
- Assist with creating and reviewing technical project documents and reports.
- Assist with project and internal staff with responsibilities and duties.
- Perform and verify field measurements of completed tasks on the projects for reports, records, and payment.
- Assist with other assigned tasks and duties.

Knowledge, Skills & Abilities:

- Bachelor's degree in civil engineering, construction management, or an equivalent degree.
- 4+ years of construction and/or other civil engineering experience.
- A valid driver's license and good driving history required.
- Knowledge of engineering and construction procedures, principles, practices, and techniques.
- Knowledge of Microsoft programs.
- Skills to interpret engineering plans and specifications.
- Ability to travel is required based on project assignment.
- Ability to communicate construction issues and solutions.

As a proven, established, Women-Owned Small Business (WOSB), Disadvantaged Business Enterprise (DBE), and Targeted Group Business Program (TGB); PE Services offers professionals a dynamic work environment and a competitive compensation package. This compensation package includes medical/RX, dental, life, disability, and other valuable voluntary options. We believe in our people, and we have created a unique family-like culture of continuous growth and development along with building a workplace with a strong focus on diversity, inclusion, and professionalism on each project we complete.
