

Roadway Engineer

PE Services is growing, and we are looking for qualified candidates who are ready to join our team! PE Services has provided civil engineering design and oversight in construction for over 25 years.

Throughout this time, PE Services has redefined several innovative methods of testing, verification, and documentation which have enabled our trusted partnerships to remain strong and continue to grow. We understand the need for speed of service as well as the need for a healthy work-life balance. We are excited for the right people to join our growing team!

Responsibilities:

- Design, modify, and review highway/roadway design calculations for various projects.
- Create and review technical documents and reports for various projects.
- Prepare and review plans and specifications for various clients.
- Assist internal PE Services staff with design and construction issues.
- Lead roadway design tasks for preliminary and final design projects.
- Manage, lead, and oversee current PES design staff.
- Assist with other assigned tasks and duties.

Knowledge, Skills & Abilities:

- Bachelor's degree in civil engineering or an equivalent degree.
- Licensed as a Professional Engineer within the state of MN or have the ability to obtain licensure with 6 months of employment.
- 4+ years of civil engineering design experience.
- A valid driver's license and good driving history required.
- Knowledge of engineering and construction design standards, procedures, principles, practices, and techniques.
- Knowledge and ability to work with civil engineering design software programs.
- Knowledge of and the ability to implement appropriate federal, state, and local specifications.
- Skills to interpret engineering plans and specifications.
- Ability to communicate design issues and solutions.

As a proven, established, Women-Owned Small Business (WOSB), Disadvantaged Business Enterprise (DBE), and Targeted Group Business Program (TGB); PE Services offers professionals a dynamic work environment and a competitive compensation package. This compensation package includes medical/RX, dental, life, disability, and other valuable voluntary options. We believe in our people, and we have created a unique family-like culture of continuous growth and development along with building a workplace with a strong focus on diversity, inclusion, and professionalism on each project we complete.
