

## Intern

PE Services is growing, and we are looking for qualified candidates who are ready to join our team! Our people are our biggest asset and are comprised of exceptional individuals who thrive on working together to overcome project challenges. We seek out individuals who are eager to cultivate their skills and embark on a rewarding path in civil engineering. Within our diverse and expanding firm, employees not only contribute to our vibrant culture but also expand their career skillset and knowledge. Whether you're a fresh graduate or a student seeking internship opportunities, we invite you to explore the possibilities of a career at PE Services.

### **Responsibilities:**

- Perform daily observation/diary of construction progress.
- Perform various soil and concrete sampling, testing, and inspection.
- Assist technicians, engineers, and managers on assigned tasks.

### **Qualifications:**

- Current enrollment in civil engineering, construction management, or a related program.
- Curiosity of engineering and construction procedures, principles, practices, and techniques.
- Knowledge of Microsoft programs.
- Ability to lift 75 pounds.
- A valid driver's license and good driving history required.

*As a proven, established, Women-Owned Small Business (WOSB), Disadvantaged Business Enterprise (DBE), and Targeted Group Business Program (TGB); PE Services offers professionals a dynamic work environment and a competitive compensation package. This compensation package includes medical/RX, dental, life, disability, and other valuable voluntary options. We believe in our people, and we have created a unique family-like culture of continuous growth and development along with building a workplace with a strong focus on diversity, inclusion, and professionalism on each project we complete.*
